

- Условные обозначения
- граница проектирования
 - красные линии
 - линии регулирования застройки
 - исторические линии регулирования застройки
 - красные линии за границей проектирования
 - красные линии линейных объектов (технические линии инженерных сетей) — существующие
 - красные линии линейных объектов (технические линии инженерных сетей) — планируемые
 - 25 — номер поворотной точки
 - место построения поперечного профиля

Ведомость координат поворотных точек красных линий
